

Menus on Your Echo Devices

✓ WEEKLY/SEASONALLY

Post Dining Menu(s) in your Serenity app as soon as available.

👉 GOT CHANGES?

2+ business days in advance:

- Post change request in Serenity

<2 business days:

- Send Echo Announcement to Residents with the change

💡 PRO TIP

Post your Soup of the Day each morning in the 📣 Echo Announcements channel - Century Park residents are loving this!

!! Important !!

Menus and Your Echos

- Your menus are processed on the backend to feed into the Echo devices.
- It can take 2 days to get the information fully processed, hence why we ask for your menu as soon as possible.
- All changes submitted 2 business days prior will automatically update on your Echos.
- Changes with less than 2 business days can't be updated on the Echo. Please post in the “📣 Echo Announcement” to your residents with the change.

Questions?

Post in your Serenity Support channel. Our team will get back to you quickly.
